TRANSPORTATION :

Pilot Transportation and Check-In Protocol

It is the pilot's responsibility to be on time at the designated pick-up point for transport to launch. Daily pick-up times will be communicated by the organization. After landing, the pilot must inform the organization via the official WhatsApp group with the following details:

1. Pilots full name .
2. Confirmation of a safe landing.
3. Exact location.

Once the pilot reports their location, they must arrange their own transportation.

There will only be retrieve for pilots at Goal

Reporting via mobile phone is mandatory. The organization will provide the relevant phone number on the task board for WhatsApp communication. Pilots who do not report to the organization using this system (or any other method) before the daily deadline will be considered missing, and a search will be initiated using rescue resources. In the event of a false alarm, the pilot will be held financially responsible for any resulting costs. If the pilot is unable to send a WhatsApp message, they must contact the organization via radio or through another pilot's phone.
